

MERT CANAKKALE

Makina Ltd. Şti

INFORMATION CATALOG

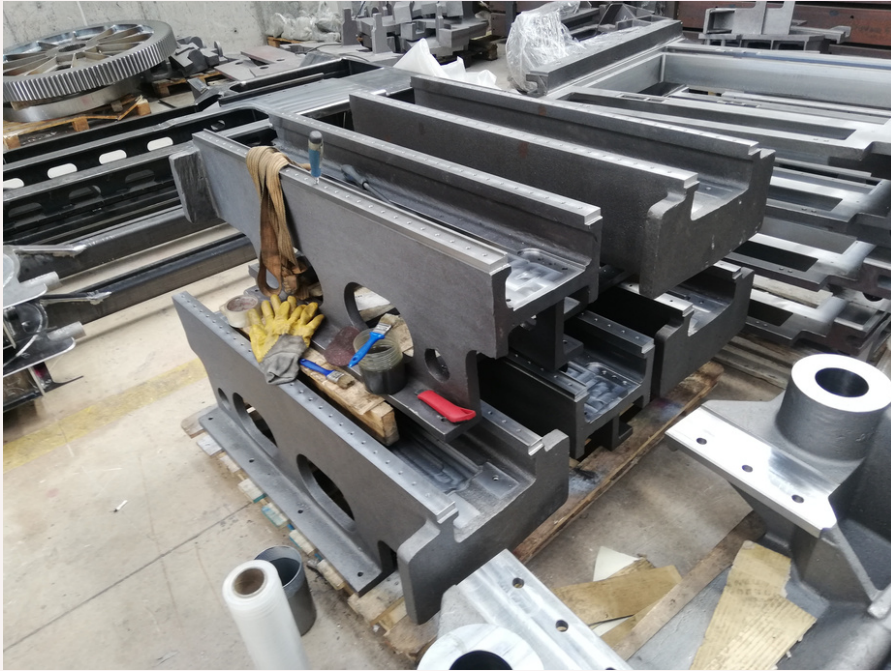

We started our career firstly in 2003 as CANAKKALE MAKINE and in 2008 we became a company now we continue in our work area as MERT CANAKKALE MAKINE. Firstly we started to work in spare equipment of bulldozer area and we progressed in a lot of area by mantaning our work. We maintained works with a lot of company and people in our 10 years career. We have many goals for the future and for these goals we are going forward by confident steps. A big part of our dreams is being a part of Defence and Space Industry. We would like to share our experiments with you and we proud of to work with you.
